

Dudley Neighbourhood Board Member Biography

Adam Bradley, General Manager of the Priory Community Centre

General Manager of the Priory Community Centre, Dudley born and bred with a passion to making our local area a better, safer and more cohesive place for all.

Also founder of Broken Blokes men's mental health support group and in my spare time a grassroots football volunteer coach at Wrens Nest Football Club coaching both adults and children.

Making Dudley and its surrounding spaces the best it can be has been at the heart of my time for a number of years and not only making better places but better people, young and old.

We might not change the world but we could change the world for one person.

I'm very honoured to be appointed to the Neighbourhood Board of Dudley and be the voice for local people.
